How to Use This Index 如何使用索引

- 1 Search by the OEM part number first. If no number is available, use the product name and machine model.
- 1 优先按原厂零件号查找；没有零件号时，使用产品名称和设备型号。
- 2 Send the machine serial number and clear photos before ordering so the matching result can be checked.
- 2 下单前提供整机序列号和清晰照片，以便复核匹配结果。
- 3 Treat every listing as an inquiry reference until the formal quotation confirms product option, origin, condition, warranty and lead time.
- 3 在正式报价确认产品选项、产地、状态、质保和交期前，所有条目均仅作询价参考。
